Care Sector Specialist

thank you

Welcome to your bespoke Care Sector brochure.

Our years of experience means we are specialists at meeting the fundamental requirements of the care sector!

We understand as a care provider, there isn't any time to cut corners on quality, so we have created this bespoke product range with clear allergen signs and also a detailed list of our accreditations especially for you.

This means we can provide you with the best service possible up to 6 days a week. You will find details of our serving distribution centres on page 16.

We would also like to take this opportunity to thank all of you. We have been truly inspired by the selfless healthcare providers around the UK who have continued tirelessly to care for the people in need through these life changing times we are experiencing in the coronavirus pandemic.

See what some of our customers have to say...

"Our homes receive exceptional service from Pensworth and this hasn't changed during these unprecedented times.

Deliveries are never missed and having fresh milk and produce delivered daily to our Care Homes is very important to us."

"During this difficult period for our company, Pensworth have been exemplary in their service to all of my 40 plus sites."

"As a consortium we expect high standards from our suppliers to work with our members.

During Covid-19, Pensworth have gone the extra mile to ensure that new accounts have been opened immediately and given our members the support and peace of mind that deliveries will be there and that no shortages would apply."

Bread & butter pudding

PREP: LESS THAN 30 MINUTES

COOK: 30 MINUTES TO 1 HOUR

SERVES: 4 

Ingredients

25g/1oz butter, plus extra for greasing

8 thin slices bread

50g/2oz sultanas

2 tsp cinnamon powder

350ml/12fl oz full-fat milk

50ml/2fl oz double cream

2 free-range eggs

25g/1oz granulated sugar

nutmeg, grated, to taste

Method

Grease a 1 litre/2 pint pie dish with butter. Cut the crusts off the bread. Spread each slice with on one side with butter, then cut into triangles.

Arrange a layer of bread, buttered-side up, in the bottom of the dish, then add a layer of sultanas. Sprinkle with a little cinnamon, then repeat the layers of bread and sultanas, sprinkling with cinnamon, until you have used up all of the bread. Finish with a layer of bread, then set aside.

Gently warm the milk and cream in a saucepan over a low heat to scalding point. Do not let it boil. Crack the eggs into a bowl, add three-quarters of the sugar and lightly whisk until pale. Add the warm milk and cream mixture and stir well, then strain the custard into a bowl. Pour the custard over the prepared bread layers, sprinkle with nutmeg and the remaining sugar and leave to stand for 30 minutes.

Preheat the oven to 180C/160C Fan/Gas 4. Place the dish into the oven and bake for 30 - 40 minutes, or until the custard has set and the top is golden brown.

Our accreditations

A leading food safety and health & safety consultancy and training organisation, STS provide Certification (including BRC), documented systems, audits, training, supplier assessment and consultancy advise. STS provide Certification for suppliers including BRC Global Food Standard, **STS** & Public Sector Codes of Practice.

BRC certification is an internationally recognised mark of food safety and quality. Certification is achieved by undertaking a third-party audit against Standard requirements by an accredited certification body (CB). BRC rates CBs on their technical performance and efficiency in customer service.

Red Tractor is the largest food assurance scheme in the United Kingdom. It claims to ensure the food is traceable, safe to eat and has been produced responsibly. The Union Flag in the Red Tractor logo indicates the food has been farmed, processed and packed in the United Kingdom.

NuVu Life provides you with a new view on nutrition. Our experts create appetising, functional and nutrient-rich products specifically for people who battle to keep weight on.

Our mission is to offer a range of appetising high-quality products that are nutrient focused and tailored to help people. If we can impact people’s lives for the better, then our main objective is complete.

One shake (made with 200ml of whole milk) will provide you with 399kcal, 24g of protein, 24g of fat and 100% RI of 14 essential vitamins and minerals

At NuVu Life we have developed a nutrient-rich powdered drink/desert mix which contains:

- **Protein** to improve muscle strength and gain weight
- **Selenium** which is essential for the immune system
- **Zinc** for skin health and wound healing
- **Iron** to support red blood cell production

One Liqui-Life shake contains 100% of your recommended daily intakes of the essential minerals: zinc, selenium, magnesium.

It also contains 100% or above of the recommended intakes for vitamins B6, B12 and D3 and folic acid. Providing you with a nutrient-dense formulation to promote health and well-being.
